

## The Massachusetts Pre-Exposure Prophylaxis Drug Assistance Program (PrEPDAP)

### Application Instructions

#### General Information

The **Massachusetts Pre-Exposure Prophylaxis Drug Assistance Program (PrEPDAP)** helps Massachusetts residents pay for approved medications that can prevent the transmission of HIV. The program assists clients in need by covering out-of-pocket costs for Truvada or other FDA-approved medication prescribed by a clinician for the prevention of HIV transmission. These costs can include copays, co-insurance, and up-to-full-cost payments towards a deductible. PrEPDAP can also cover the full cost of Truvada or other HIV transmission prevention medications, if necessary, for individuals who lack health insurance. These medications have been shown to significantly reduce the likelihood of transmission of HIV between individuals.

PrEPDAP is a program of the Office of HIV/AIDS in the Bureau of Infectious Diseases at the Massachusetts Department of Public Health and is administered by AccessHealth MA.

#### Eligibility

To be eligible for PrEPDAP, you must be a Massachusetts resident, be HIV-negative, and have a gross annual income from all sources of no more than 500% of the Federal Poverty Level (FPL). Please visit our website to [www.accesshealthma.org/PrEP](http://www.accesshealthma.org/PrEP) to find this year's eligibility guidelines. You do not have to be a U.S. citizen to be eligible.

#### Instructions for Completing this Application

Before you begin completing this application, carefully review these instructions. If you need assistance, contact your PrEP Navigator or call AccessHealth MA's PrEP Team at (800) 228-2714.

Please complete all sections clearly and completely. Incomplete applications and applications without supporting documentation will delay your enrollment and may result in your application being returned to you to complete. Complete applications submitted with all required documentation will typically be processed within one week. We suggest you make a copy of your completed application for your records.

You are required to include any information about your current health insurance coverage in order for your PrEPDAP application to be considered complete. If you have been determined to be ineligible for MassHealth or ConnectorCare coverage within the past 12 months, please submit a copy of your determination letter (include all pages).

All information provided by you will be kept completely **confidential**.

Once your application has been approved, PrEPDAP staff will send you an approval letter showing the end date of your current eligibility and providing any further instructions for your continued enrollment. You must

recertify to PrEPDAP every year (12 months) in order to remain active in the program.
